Much more than a Motor Museum

A Great Day Out For Everyone!

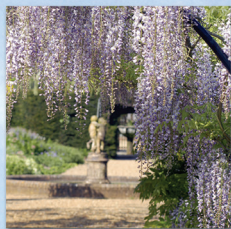

The National Motor Museum has over 250 vehicles telling the story of motoring, from World Land Speed Record Breakers to F1 racers.

Experience World of Top Gear, with actual cars from some of the show's most ambitious challenges, plus clips of some of the best Top Gear moments.

There's also the popular James Bond Exhibition with genuine cars from the James Bond films.

Visit Palace House, home of the Montagu family since 1538, and Beaulieu Abbey with its exhibition and film of monastic life.

Younger visitors can also enjoy the Mini Car Circuit and Mini Motor PlayTrail, while all the family can ride on the high-level Monorail and open-topped London Bus.
